“A Drop of Homoeopathic Medicine can change the Quality of Life.”

Always have enjoyed and found great peace and satisfaction in the Joy of Healing from my Childhood days, the Joy it brings by giving Hope to Peoples' Life. The fascinating Miraculous Power by the Wonderful World of Medicine in bringing Healing for people to enjoy their life on Earth ...

Have been inspired and motivated by Great contributors to the world of Medicine to name a few beginning from Hippocrates – Father of Medicine, Sushruta – Father of Surgery, Henry Gray – Works on Human Anatomy, Edward Jenner – Vaccinations, Louis Pasteur – Pasteurization, Alexander Fleming – Penicillin, Masaru Emoto – Research on Water, etc. Their contribution that saved Millions of Lives through generations throughout History – Bringing Healing and Rejuvenating Joy in their Spirit.

I remember, my Paternal Grandmother was suffering from Asthma, She went through various medications. However, She had a very healthy and stable recovery after taking Homoeopathy treatment. Keeping that in mind I wish to give Cure to people.

This incident have always been an Inspirational Spark for me to Choose Homoeopathy...

I am kind of an adventurous person, I felt a great adventure lies ahead. I felt it can't be practiced unless one knew the art of practicing. Then when I came to know that there are no fixed prescriptions ; each medicine differs in its kind. The curiosity arose within me and I wanted to know more and more about the system. It just looks like each treatment plan is made for you, custom built for your body and symptoms –works wonders.

As I sought after the field of Homeopathy, I found many global personalities who have ratified about Homeopathy and have justified my decision. Have shared some quotes that inspired me.

“The Highest Ideal of Cure is the Speedy, Gentle and Enduring Restoration of Health by the Most Trustworthy and Least Harmful Way” – **Samuel Hahnemann** – Founder of Homeopathy

“Homoeopathy ... Cures a large percentage of Cases than any other method of treatment and is beyond doubt safer and more economical and most complete medical science” – **Mahatma Gandhi** – Father of Our Nation

“Homoeopathy did not merely seek to cure a disease but treated a disease as a sign of disorder of the whole human organism. Homoeopathy would pay an important part in the Public Health of the country along with other systems” – **Dr. S RadhaKrishnan** – Former President of India

“I Believe Homoeopathy as a System of Cure has a great scope in a under developed country like India and deserve encouragement” – **Rajendra Prasad** – Former President of India

“Holistic Healthcare remains a very big attraction. Best of the Doctors are moving towards Homoeopathy. There's a mood for Holistic Healthcare, there's mood to go toward stress free life from a stressful life” – **Narendra Modi** – Prime Minister of India

Philosophy of Homoeopathy

It impressed me on the renowned fundamental Philosophy of Homoeopathy on providing a Holistic treatment, by enhancing the Healing Mechanism of The Human Body and curing the Diseases. Following are some of the prime points for me to choose Homoeopathy ...

- Treating The Cause - Homoeopathic treatment treats the ROOT CAUSE rather than the symptoms as largely done by other main stream medicines. It stimulates the body's own natural healing powers to bring health. Homoeopathy heals the patient from within.
- Holistic Healing - It uses medicines that cover the disturbance of the whole person rather than giving individual medicines for different afflicted parts of the body. People get improved in overall energy, mood, quality of sleep, digestion, etc.
- Antidote Effect – Ability to antidote some of the side effects of conventional medicines & vaccinations, and conditions which appear to be inherited. It can be prescribed alongside conventional with positive recoveries.
- Like Cures Like – Based on nature's principle of cure, The Law of Similars
- Customized Treatment – What sets it apart is, an in-depth discussion about the persons' personal traits, relationships and family history are discussed; and tailored treatment is arrived.
- Naturals & Minerals Medication –
Sources for homoeopathic medicines are derived from
 - Plant Kingdom
 - Animal Kingdom
 - Mineral Kingdom

That happiness you see in the patient's eyes once you cure them, that feeling is incomparable, can't be put into words can only be felt. I always wanted to take up something different, unique in life as a career and here I am.
